APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all prior rights on the source, and with the understanding that the right granted hereunder is limited to the irrigation of 95.4 acres of land, the balance within the subdivisions proposed to be irrigated already holding a vested right. A substantial headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.954 cubic feet per second.

Actual construction work shall begin on or before July 5, 1923

Proof of commencement of work shall be filed before August 5, 1923

Work must be prosecuted with reasonable diligence and be completed on or before October 5, 1924

Proof of completion of work shall be filed before November 5, 1924

Application of water to beneficial use shall be made on or before

October 5, 1926 Proof of the application of water to beneficial

use must be filed with State Engineer on or before November 5, 1926

Proof of labor filed JUL 25 1923

WITNESS MY HAND AND SEAL this 5th day

Proof of completion of work filed Nov. 19, 1928

of April, 1923.

Cultural Map Filed April 14, 1938

Proof of Beneficial use filed APR 14 1938
